The Bonus Stacking Strategy

1. **Start at the center with the HIGHEST new donor bonus** (usually CSL at $900-1,100)
2. **Complete their required donations** within the deadline
3. **Immediately switch to Center #2** for their new donor bonus
4. **While donating, refer friends** for referral bonuses ($50-100 each)
5. **After exhausting new donor bonuses, settle at the highest-paying center** for regular donations

Optimal Stacking Order by Region

If you have CSL + BioLife nearby:

1. CSL Plasma first ($1,000 in 60 days)
2. BioLife second ($900 in 45 days)
3. Settle at whichever pays more regularly
4. **Total: $1,900+ in first 3 months**

If you have Grifols + Octapharma nearby:

1. Grifols first ($800 in 30 days)
2. Octapharma second ($700 in 30 days)
3. Settle at the better-paying center
4. **Total: $1,500+ in first 2 months**

Referral Bonus Programs

Center	You Earn	Friend Earns	Requirement
BioLife	$50-100	$50	Friend completes 2 donations
CSL Plasma	$50-75	$50	Friend completes 1 donation
Grifols	$25-50	$25	Friend completes 2 donations
Octapharma	$50	$50	Friend completes 1 donation

> **Pro Tip:** Some centers let you refer unlimited friends. If you refer 5 people at CSL ($75 each), that's an extra $375 on top of your donation income.
