New Donor Bonus Comparison (2026)

Center	Bonus Amount	Requirement	Timeframe
BioLife	\$800-900	8 donations	45 days
CSL Plasma	\$900-1,100	10 donations	60 days
Grifols / Biomat	\$700-800	6-8 donations	30 days
Octapharma	\$600-750	6 donations	30 days
KEDPLASMA	\$500-700	8 donations	45 days

The Bonus Stacking Strategy

1. **Start at the center with the HIGHEST new donor bonus** (usually CSL at \$900-1,100)
2. **Complete their required donations** within the deadline
3. **Immediately switch to Center #2** for their new donor bonus
4. **While donating, refer friends** for referral bonuses (\$50-100 each)
5. **After exhausting new donor bonuses, settle at the highest-paying center** for regular donations

Optimal Stacking Order by Region

If you have CSL + BioLife nearby:

1. CSL Plasma first (\$1,000 in 60 days)
2. BioLife second (\$900 in 45 days)
3. Settle at whichever pays more regularly
4. **Total: \$1,900+ in first 3 months**

If you have Grifols + Octapharma nearby:

1. Grifols first (\$800 in 30 days)
2. Octapharma second (\$700 in 30 days)
3. Settle at the better-paying center
4. **Total: \$1,500+ in first 2 months**

Referral Bonus Programs

Center	You Earn	Friend Earns	Requirement
BioLife	\$50-100	\$50	Friend completes 2 donations
CSL Plasma	\$50-75	\$50	Friend completes 1 donation
Grifols	\$25-50	\$25	Friend completes 2 donations
Octapharma	\$50	\$50	Friend completes 1 donation

Pro Tip: Some centers let you refer unlimited friends. If you refer 5 people at CSL (\$75 each), that's an extra \$375 on top of your donation income.
