Eligibility Self-Assessment Checklist

Plasma Pay Calculator — plasmapaycalculator.com

Before visiting a center, make sure you meet the basic requirements. This checklist covers what every center checks.

Basic Requirements

✓	Requirement	Details
☐	Age: 18-69 years old	Some centers accept 16-17 with parental consent
☐	Weight: 110 lbs minimum	Higher weight = higher pay
☐	Valid photo ID	Driver's license, passport, or state ID
☐	Proof of address	Utility bill, bank statement, or lease
☐	Social Security card or number	Required for tax reporting
☐	Generally good health	No acute illness on donation day

Health Screening (You Should Pass If...)

✓	Screening Item	Passing Range
☐	Temperature	Below 99.5°F
☐	Blood pressure	Below 180/100
☐	Pulse	50-100 bpm
☐	Hematocrit (iron)	38%+ (women) / 39%+ (men)
☐	Total protein	6.0 g/dL or higher
☐	No visible track marks	Clean arm veins

Common Disqualifiers (Temporary)

Condition	Wait Period	Notes
Cold or flu	Until symptoms resolve	Must be symptom-free
Antibiotics	Until course complete + 24-72 hrs	Depends on the medication
Tattoo or piercing	3-12 months	State dependent
Surgery	6-12 months	Depends on type
Pregnancy	6 months postpartum	Standard deferral
Travel to malaria areas	12 months	Check CDC list
Recent vaccination	0-8 weeks	Varies by vaccine type

Permanent Disqualifiers

- HIV/AIDS positive
- Hepatitis B or C positive
- Certain autoimmune conditions
- History of IV drug use
- Organ transplant recipient

> **Note:** When in doubt, visit the center — they'll do a free physical exam on your first visit and tell you definitively if you qualify. The screening is free with no obligation.
